By fostering long-term partnerships, VNS Fab Works aims to build trust and loyalty, ensuring continued growth and mutual success.

PRODUCTION FACILITY
NCL VEKA, HYDERABAD

PERFECT FOR DECADES

Lead – Free

Our team at NCL VEKA has committed to work towards a greener environment, using Lead-Free stabilizer is a step in this movement

Weatherability

Usage of Co- Extruded beads make sure that the windows have the same performance in spite of any harsh weather conditions

Energy-Efficient

With U-value as low as 0.4 and multi-chambered structures , VEKA windows prevents transfer of heat inside your house.

Long Lasting Strength

Most uPVC tends to change its colour and property due to sustained exposure to UV radiation. The engineered blend used in VEKA windows us UV stabilized that gives it a long life

Healthier Indoor Air

High Quality Wool Pile and double layer sealing ensure that dust and pollution are barred from your home

Safe & Secure

With a concealed reinforcement to withstand high wind-pressure and fluctuating loads, making them safe and secure

TESTING & CERTIFICATIONS FOR uPVC PROFILE

We use **Lead free stabilizers** in the extrusion of uPVC profiles and are certified by **SGS** .

Our Profiles are regularly tested for physical , chemical properties at **CIPET** (Central Institute of Plastic Engineering & Technology)
